

Gavin L. Fry

Director of photography
CV 2015

BIO:

I was taken on the set of Terry Gilliam's "Baron Munchausen" by my uncle and DOP, Roger Pratt BSC, when I was seven years old. From that moment I was hooked on filmmaking.

After making 100s of little films in my youth with friends and at school I moved to London to attend Film School where I majored in Cinematography. During my studies I worked as much as possible as a freelance Spark on anything from music videos to feature films. Gaining loads of on-set and lighting experience.

Shortly after graduation I started Gaffering on small productions, some times for B.S.C level DOPs. During this time I learnt so much about lighting from both practical and creative standpoints.

At 23 I shot my first feature "The Boat People", and have since gone on to shoot hundreds of music videos and commercials. My most recent feature film "In the Blood" was released at selected cinemas in 2015.

Along the way I have been lucky enough to work actors and performers such as Jude Law, Kate Bush, Alison Stedman, Miss Dynamite, Johnny Harris, Colin Farrell, Peter Bowels, Nabil Elouahabi, Raquel Cassidy, Amit Gupta and many more.

I've also been lucky enough to work for loads of great companies such as Rolls Royce, 4Music, MTV, BBC, Channel 4, Sony, Air Bus, Virgin, Jaguar, Ford, Land Rover, Volvic, Chivas, Vogue, Armarni, Aquascutum and Carhart.
